

Gardner Family Farm

Meat you can trust

Job Title: Poultry Processor

Employment Type: Part Time - Seasonal

Pay Rate: \$14-16/hour (Depending on experience)

Special Conditions: All job training provided

About Us: Gardner Family Farm is a pasture-based, regenerative livestock farm committed to ethical animal husbandry and land stewardship. We raise chickens, turkeys, and sheep on pasture, focusing on sustainable methods that respect the natural instincts and well-being of our animals. Our goal is to improve soil health while providing our community with high-quality, locally raised meats they can trust.

Job Summary:

As a poultry processor, employees in this position will be involved in evisceration, chilling, carcass breakdown and packaging of our chickens and turkeys. As this position deals directly with a sensitive raw food product, ideal candidates should be detail oriented and care about food safety. While not required, candidates with experience in food safety and food service will be given preference.

Responsibilities and Duties:

- Work on a team to eviscerate, chill, break down and package chickens and turkeys
- Maintain a clean and sanitary work environment
- Maintain proper food temperatures
- Ensure poultry carcass quality through cleaning and visual inspection.
- Accurately package, weigh and label product for sale

Preferred Qualifications:

- Detail oriented
- Food safety conscious and responsible
- Able to work both independently and as part of a team
- Experience handling knives and sharp objects (preferred but not required)
- Able to lift 50 lbs without assistance
- Able to stand for extended periods of time
- Past experience in food service (preferred, but not required)

Work Experience and Opportunities:

- Learn to fully and professionally process and break down poultry
- Fast pay raise schedule with consistent performance
- Become proficient in food safety practices in a processing environment
- Potential for additional work if desired.
